

# Wild City

an outdoor workshop series by your RCD

# Explore Your City Like Never Before

Your local RCD is excited to welcome you to **WILD CiTY** – a series of immersive outdoor workshops that will guide participants through some of LA's most scenic & unexplored wildspaces!

Previous workshop activities have included:

- exploring elusive ecosystems
- reframing misunderstood native creatures
- connecting with local non-profits working to better our communities
- crafting plant based and sustainable works of art

Following each event, we invite you to further engage with workshop leaders & fellow participants at a local restaurant, brewery, winery or café!
